CORPORATE MANAGEMENT. Wider Scope of Modern Life Insurance -Superintendent Emmet Warmly Commends Metropolitan Company.

The report of the New York state The report of the New York state department of insurance on the trieninial examination of the Metropolitan Life Insurance company has just been published by the state. Under the law revised by Governor Hughes, this examination must be made every three years. About twenty examiners of the insurance department devoted nearly a year to the work, and Mr. Emmet as superintendent of the department, wrote an extended review of the report. He points out that the company, now having more than thirteen million policies outstanding, has assumed such proportions that it is practically brought into immediate contact with approximately immediate contact with approximately one-eighth of the population of the United States.

Here are extracts from Superintendnt Emmet's report:

POETRY

THE RIVER OF DOUBT.

Oh, a wonderful stream is the River of Doubt.
That winds through the jungles of Where.
It rises at Whence and at Whither flows out.
And drains the vast region of There. From latitude Which and longitude

So crooked that monkeys in trees all around,
Prehensite to spy out its bed,
All twist off their tails and drop to the
ground
Decaudate and crosseyed and dead.

From Hither to Thither its flow is up And its depth is as deep as a cup; It never would answer for turning

For all of its cascades fall up. Yes, this River of Doubt is a wonderful stream
And it acts in a wonderful way
nmatched in tradition, in fiction or dream.

And it's spiked to the atlas to stay!

And watch the pale hours die
Their gasps unheeding. The hills of time are gray
With future dawns assembling.

We wait you, trembling!
